

Behavior Management

CO-TEACH
PLAY # 95

Partner A asks Partner B to assist with distributing materials for the next activity. Partner B offers the task to 2 students (who are prone to off task behavior.) Partner A thanks the students once they have distributed the materials.

ACTION: Manage behavior proactively.

No coordination and/or advanced planning required.

Play # 95

Communication
4a Management of the
Learning Environment

Also impacted

4b Behavior
Management

Most impacted

Delegating non-instructional tasks to students allows teaching partners to remain focused on instruction. Incorporating more students into classroom procedures and acknowledging their assistance can potentially decrease management issues.
